FOUGHT U-BOAT FOR FOUR HOURS; SEVEN WOUNDED

A French Seaport, Wednesday, Oct. 24.—Escaping from a German submarine after a bitter fight lasting nearly four hours, and with seven of her crew wounded—two of them seriously—an American steamer arrived here this morning from an American port. The timely intervention of an American torpedo boat alone saved the ship from being sent to the bottom.

A few hours after the vessel had entered the danger zone a lookout sighted a submarine on the port bow, but before he had time to report its presence the submarine fired a shot which missed the stern of the ship by but a few yards. The captain immediately sent out a wireless call for assistance as the position of the submarine was such that escape was nearly impossible.

The gun crews of the submarine and the steamer then began to exchange shots. The chief gunner of the steamer opened fire at a range of nine thousand yards, but all the shots fell short. The submarine kept maneuvering to keep out of the range of the steamer's guns, at the same time maintaining a running fire in an effort to disable them. The merchant ship, after altering her course, started at full speed in an attempt to escape.

The stubbornness of the battle is indicated by the fact that the submarine fired 224 shots at the steamer which responded with more than 260 shots.

After the fight had continued for about two hours and several shots had struck the ship, wounding four men, one shell hit the vessel and exploded in the engine room, putting the engines out of commission and rendering the ship helpless. The German commander then approached nearer and the submarine continued to rain shells upon the disabled craft.

A high sea was running at the time and there seemed little hope of saving the ship when a low streak of black smoke was sighted on the horizon. It later proved to be an American torpedo boat destroyer coming at full speed, running right into the sea and at times nearly disappearing from view.

The destroyer had heard the calls for aid sent out by the steamer and traveled at a speed of as high as thirty knots to come to her assistance. She immediately made for the submarine which dived and disappeared beneath the surface. The American warship circled about the spot, dropped a few depth charges but no more signs of the U-boat were seen.

Washington, Oct. 25.—An announcement by the navy department today revealed that the ship which fought the battle with the submarine was one of the American Luckenbach steamers and that the fight occurred on Oct. 19.

GERMANS PREPARING FOR 'STRATEGIC' MOVE

Copenhagen, Oct. 25.—Germany, under pressure of the French victory on the Aisne, may endeavor to effect a general retirement to the new Hindenburg line, well in the rear of her present position. This realignment of the German forces is felt to indicate that German experts, recognizing the menace, particularly to the exposed salient southwest of Laon, were preparing new fortified lines somewhere between Laon and their former front to which they expected to effect an orderly retreat, akin to their Spring withdrawal, as soon as the menace becomes pressing.

AUSTRIAN MINER BUYS IN LIBERTY BONDS

McAlester, Okla., Oct. 25.—During a Liberty bond rally at Bache, Okla., a small mining town near here, A. F. Nicolet, an Austrian, sent one of his children home for his savings of \$400, with which he bought a bond for his wife and each of his three children.

FORT WORTH WILL CLEAN UP OR SPLIT WIDE OPEN--SHULER

(R. P. SHULER.)
I ever these boys in khaki get a straight run at the Kaiser it's a sure thing that his funeral knell will follow. They're itching to get at him and hungry to try out the trenches. I've talked with dozens of them and yet have to find my first one who isn't anxious to board a transport for France.

The soldiers are serious. I never preached to more responsive hearers. Already some fifty have "hit the trail" and scores of others are deeply interested. I have had scores of invitations to "eat hash" at the mess halls and the whole attitude of the boys is one of respect for the preacher and appreciation of his efforts.

If ever men were up against the real thing in life these old boys are. The saloons are after them good and strong. I have seen dozens of drunk soldiers. The saloons are forbidden to sell the stuff to soldiers and yet the boys in uniform get it. It is certain that they do not get it out of a spring branch. Then again the vampire is on every street corner. You can spot her without the least trouble. Her painted lips and "made up" face; her "loud" and highly colored silk hosiery; her very attitude; all are unmistakable. The army authorities are fighting hard to save the boys from the blight of her touch and yet she is getting in her work. More than two thousand boys are in the detention camps now, I am told, under treatment for diseases that go hand in hand with vice.

There is this advantage, however, that the army has over the streets. Every man affected in the army is known. More than that he is confined and segregated just as though he had leprosy, smallpox or the plague. No decent soldier is permitted to associate with him. I am sure there is more of the fruitage of vice on the streets of Fort Worth than there is in the army but you can't tell the white man from the skunk on the streets.

I preached to a great crowd of people in the Byers Opera House yesterday and will speak again today. I have never had finer co-operation or a greater hearing than I am getting here. The good citizens of Fort Worth are greatly aroused. They are beginning to realize that their city is filling up with undesirables. Dallas and Waco will furnish a few thousand cut-throats and outlaws. Austin will go dry next month and then another load of human filth will be unloaded here. It looks dark. I prophesy that there will be a moral uprising in Fort Worth within the next sixty days that will shake North Texas.

Frank Norris is preparing to fire another broadside. I have looked over his dope and it is horrible. He'll stir the town to white heat with it. Mark my word, Fort Worth will either clean up or split wide open.

An alarm about 2:30 o'clock this morning took the department out of the city on North 11th street. Diligent inquiry by the News failed to locate the fire exactly, but persons a few blocks from it thought it was Williams' store, or a house near it, on the Garrett Ferry road.

U. S. SUPPLIES SHIPS FOR ITALIAN NEEDS

Washington, Oct. 25.—The Shipping Board agreed today to charter to Italy's government approximately twenty-five American commandeered steel ships of an aggregate of 100,000 tons, dead weight, to relieve the Italian shortage of shipping to transport vitally needed supplies.

Great Britain has been supplying France and Italy with shipping to meet their emergency needs but cannot continue to do so in view of her own demands.

The Italian government strongly represented the great need and gets five ships more than were allotted to France a few days ago.

PRESIDENT SAYS STATES MUST SETTLE WOMAN SUFFRAGE

Washington, Oct. 25.—President Wilson today gave his full endorsement of woman's suffrage as an immediate issue in every state.

Addressing a delegation of one hundred leaders of the New York state Woman's Suffrage party the President declared that woman's suffrage is one of the fundamental questions of democracy whose proper settlement is denied by the issues of war. He praised the spirit, perspicacity and vision of American women in the war.

"I believe," said he, "just because we are quickened by the war question we ought to be quickened to give this question of woman's suffrage consideration."

Speaking as "one of the speakers of a great party" he added "I want to speak for myself and say that it seems to me that this is the time for the states of this Union to take this action."

Explaining his leaning toward suffrage as a state rather than a national issue, he said:

"I, perhaps, may be touched a little too much by the traditions of our politics—tradition which lays such questions almost entirely on the states—but I want to see communities declare themselves quickened at this time and show the consequences of that quickening."

The suffrage delegates returned to New York tonight confident that the President's endorsement would have an effect in the election November 6.

GERMAN TROOPS NOT TOLD AMERICA HAD SENT MEN TO FRANCE

Washington, Oct. 25.—The presence of American troops in France caused great astonishment to the crews of the Zeppelins L-49 and L-50, brought down by the French last Saturday while returning from a raid over England.

Official dispatches to the American State department say the prisoners declared that not one person in the German army ranks knew of the landing of the American expeditionary forces in France.

LUTHERAN CHURCHES FAVOR NATIONAL AMALGAMATION

Philadelphia, Oct. 25.—The General Council of the Evangelical Lutheran churches in session here today unanimously approved the proposed merger of the General Council, the General Synod, and the United Synod of the South into one body to be called the United Lutheran Churches of America. The question now goes to the Southern branch for action.

NO CHANCE FOR WAR OF JAPAN AND U. S.

Copenhagen, Oct. 25.—Captain von Salzmann, critic and far-eastern expert of the Vossische Zeitung of Berlin warns his readers that they have no longer any right to count on a future war between Japan and the United States, which has become a fixed idea of the average German and a definite element in the government's political questions.

This element, the captain writes, must be eliminated for a long time, at least, and Germany instead must count upon Japan to enter into the Paris economic agreement and participate in an anti-German post-bellum war.

BURLESON COUNTY NOT READY TO CLOSE SALOONS

Caldwell, Texas, Oct. 25.—Burleson county voted to retain her saloons in a local option election here today. The vote was: Prohibition, 1127; against prohibition, 1304. "Wet" majority, 177.

WORLD'S WHEAT CROP IS SHORT SAYS REPORT

Washington, Oct. 25.—The world's wheat crop is one per cent less than last year for the countries that thus far have reported to the International Institute of Agriculture at Rome. Cablegrams to the department of agriculture from the institute issued today placed the production at 1,775,000,000 bushels. Production of rye shows at 5.2 per cent decrease, barley a decrease of .3 per cent and rice a decrease of 16.7 per cent. Corn production increased 23.7 per cent over last year and oats 16.3 per cent.

HUNGARIANS ARE CRITICIZING AUSTRIA

Washington, Oct. 25.—Strongly repressive censorship for the past two weeks by the Austrian authorities has failed to prevent the leaking of reports to this country by cable of attacks on the government in the Reichsrath by Czech leaders.

One of these named Zoclekziech, bitterly charged Premier Czernin with being the victim of the German theorists, which led to world domination and declared that Austria might have saved all her present misery had not the German race dominated her government and refused Serbia's proffered concessions.

Count Czernin's peace suggestions were declared to have no meaning what ever and he was reproached for passing over in silence the peace demands of the Entente allies, especially their guarantee for a general peace based on the recognition of small nations as being free and independent.

DEPOSITED HIS WOOD FOR SAFE KEEPING

A town negro who is employed in picking cotton for a landlord who also lives in town went to him a day or two ago and asked permission to have a load of wood delivered in his back premises. The landlord gave permission, but curiosity prompted him to ask why he wanted to have it put off at his place. The darky said the reason was that he was afraid if he had it put off at his own home his neighbors would steal it while he was in the cotton patch and there wouldn't be any left. After getting the landlord's permission the negro ordered a \$2 load and left the money with the landlord to pay for it. The landlord in speaking to the reporter after the wood was delivered said if the darky had only known beforehand the size of the load he was getting he wouldn't have had it thrown off in his yard; he could have locked it up in his trunk.

TEXAS NEGROES FOR NATIONAL ARMY MOVE ON OCT. 30

Austin, Tex., Oct. 25.—Col. George H. Carter, head of the selective draft in the adjutant general's office, announced today 12 per cent of the Texas quota will begin to move on Oct. 30 to Camp Travis, near San Antonio, instead of Oct. 27, as at first contemplated. When this increment moves it will make a total of 77 per cent of the quota of Texas of 30,545.

This 12 per cent affects only negroes and the number that will move is 3,791.

FOUR GOOD REASONS FOR BUYING BONDS

Roxton, Tex., Oct. 25, 1917.
Ed H. McCustion, Sec.,
Lamar County Liberty Loan Committee.

In response to your request to state our reasons for purchasing in all \$50,000.00 Liberty Bonds, would say:

1. We are American citizens and proud of it. We are glad that we are citizens of the greatest and best nation on the earth and under the strongest and most humane government and we want to do all we can to perpetuate it.

2. Self preservation is the first law of nature. We realize that without the protection of our government none of our property is safe—no, not even our lives would be safe—and we would not be so ignoble as to accept the protection of our government and then refuse to do our share in its hour of need.

3. We would not be traitors. Treason, as defined by our Constitution, consists among other things in giving aid and comfort to the enemy and refusing to back up our government at this time would certainly be giving "comfort" to the enemy.

4. We want to protect the boys in the trenches and would do all in our power to bring the war to a speedy end.

LIBERTY LOAN REACHES MINIMUM AMOUNT

Washington, Oct. 25.—The Liberty Loan total passed the three billions mark today and headed for the five billions maximum with every indication that by the continuation of the relentless campaign the latter figure will be realized Saturday night. Banks have been authorized to continue to receive subscriptions until the closing hour Saturday and to keep open later than usual for that purpose.

Though unofficial estimates from the twelve Federal reserve districts did not total the full figure, Treasury officials are confident the sales have safely passed the \$3,500,000,000 mark tonight.

PRESIDENT OF BRAZIL SAYS WAR MUST COME

Rio Janeiro, Oct. 25.—The Brazilian steamship, Mecan, formerly a German steamer, has been torpedoed in the Bay of Biscay. Twenty-four of her crew were rescued and the captain was taken prisoner.

The President's Message
Rio Janeiro, Oct. 25.—President Braz has sent a message to the Congress declaring that it is impossible to avoid noting already the state of war which Germany has imposed on Brazil. He proposes the seizure of a German warship now in the port of Bahia.

Brazil revoked her decree of neutrality in the war between the Entente allies and Germany last June. A large number of German merchant ships in Brazilian waters were seized at that time.

FRENCH CONTINUE TO DRIVE GERMANS OFF THEIR TERRAIN

The French forces in the Aisne region continue to develop the success of Tuesday when they made a rapid advance over a front of about six miles, capturing important German positions and six thousand prisoners.

Following up this with minor successes Wednesday the French again attacked Thursday along the entire line, forcing the Germans to abandon Monkey Mountain east of Vaulxion, the village and forest of Pinon, the village of Pargny-Pilain on the extreme east of the line and a number of fortified farms and other points of vantage.

The latest drive of the French brings General Petain's army within sight of the important railway junction of Laon, the objective sought for, which now is a scant eight miles distant. Large quantities of war stores were abandoned by the enemy in the retreat and additional guns and war prisoners were captured. The number of prisoners taken since the drive began now exceeds 12,000, more than 200 of whom are officers. Two thousand of these prisoners were taken Thursday.

Take Many Guns
An indication of the rapidity with which the drive has been carried out was the total number of guns the Germans were forced to leave behind them. These amount to 120, among them several howitzers not to mention several hundred small caliber pieces such as minnenwerfer and machine guns.

On the 25-mile front running from Monte Rombon to the Bainsizza plateau the battle between the Austro-German forces and the Italians is apparently gaining in intensity with the Austro-Germans the aggressors but with the Italians stubbornly resisting every attack.

Germans Claim Gains
Although the German war office asserts that gains have been made at various points along the line the Italian official communication does not concede any losses except on the east bank of the Isonzo, south of Monte Rombon. To the contrary this communication asserts that on the Bainsizza plateau, where the Germans had claimed successes and on the west side of Monte San Gabriele, enemy attacks were repulsed and that the Italians even took several hundreds of prisoners.

Not alone does the German war office assert that the Italian line barring the way to the valley of the Flitch basin and to Tolmino was overrun and that positions also were captured on the Bainsizza plateau, but that large quantities of booty were taken by the Austro-Germans and that ten thousand prisoners fell into their hands, including divisional and brigade staffs.

Repulsed in Flanders
While the operations on the Ypres sector on the front in Flanders continue to be carried out mainly by the artillery the British and French hurling the greater weight of metal, the Germans launched another strong counter attack south of Houtholst forest where the British and French armies have joined hands. Again this attack was signally repulsed.

In the air fighting Wednesday night French airmen shot down or forced to land in a damaged condition 25 German planes.

Russians Do Better.
The retirement of the Germans on the northern Russian front continues. The enemy is now back as far as the Rodentoi-Purkain line approaching the Dvina river region. Behind them the Germans are destroying everything on the fifteen mile front over the whole territory.

On the Gulf of Riga the Germans have attempted to gain a lodging on the Werder peninsula in order to be able to harass Russia's right wing but they were stopped by the Russian fire. Possibly in view of the operations of German naval units at the head of the Gulf of Finland, the civil population is evacuating Kronstadt, the Russian forces' naval base near Petrograd.

FRENCH CHAMBER VOTES
CONFIDENCE IN MINISTERS
Paris, Oct. 25.—The Chamber of Deputies today passed a vote of confidence in the government, 288 to 137.

LOCAL NEWS

Miss Clara McCormick of Paris sold a house and lot in Bogata this week and invested \$500 of the proceeds in buying Liberty bonds.

Elder Tom Walker, a Christian preacher of Bonham, is holding a meeting at Aubla.

Tom Manuel, the boss of the chain-gang, came in yesterday and carried out a recruit to the camp a mile and a half west of Brookston.

A daughter was born at 10:30 o'clock Wednesday night to Frank Farmer and wife on South Church street.

Visitors from Cooper yesterday reported that Mrs. Clovis Moss, who was hurt in the accident a few days ago in which her child was killed, was getting along well.

Mrs. Emily Bills, an aged resident of Reno, who has been suffering from blood-poison in the hand, is now able to sit up.

Some farmers who live in the prairie country are said to be coming to town to buy wood from the woodyards on account of not having time to go to the bottoms to cut and haul it.

The government gin report showing only 5,571,000 bales ginned up

to October 18th, as compared with 7,300,000 at the same date last year, caused the local market to go up several points. A few persons who had taken to sell declared they had a good notion to store until next spring.

After remaining at \$65 per ton for a long time the price of cottonseed took an advance yesterday to \$70 per ton, which was partly due to the government ginners' report. It is said that there are large quantities of cottonseed lying around gins on account of the farmers being too rushed with work to haul them, and if there should be bad weather and rain quantities of seed would be considerably damaged.

The high wind and dust made yesterday one of the most disagreeable days experienced in a long time in Paris. People chasing hats was a familiar scene.

A message received from Camp Travis at San Antonio stated that Elmer Hanes of Emberson, who was reported very ill with pneumonia had improved. When his father, J. A. Hanes, left Monday for his bedside his condition was considered critical.

The Center Point Farmers Union local will meet tonight at the Chick schoolhouse, and the secretary re-

quests that every member be present, as it is very important that he should have the correct address of each one.

Next Monday promises to be a record-breaking circus day in Paris.

A farmer brought in a wagonload of pumpkins yesterday and offered them for sale at ten cents apiece.

A difficulty was brought to light by the officers yesterday which occurred Saturday night, but which was kept secret by the darkies. Ed Thomas, a negro, received wife

wounds in the scalp and two stabs in the back, which he told Sheriff Ed Clarkson were inflicted by Lola Brown, a negro woman, at Guest's corner.

There will be a called meeting of the county commissioners court tomorrow who look after work at the county farm.

Suit has been prepared in the county attorney's office to institute in behalf of Lamar county against W. J. Neighbors, a resident of Delta county, for the purpose of declaring

his title forfeited to 65 acres of land four miles southeast of Cooper which was sold to him as Lamar county school land, and on which he defaulted in payment of the purchase money. It is claimed that he has not made a single payment.

Ed Bennett, who was tried for assault to murder T. S. Stiles and was found guilty of aggravated assault and was given thirty days in jail and a fine of \$500, has given notice of appeal.

STOP CHASING ILLUSIONS

It is really comical yet real pitiful when we stop to think of the many, many people who run from one doctor to another expecting that the next one will surely have something that will cure them, or change from one patent medicine to another in the hope of finding relief. Never stopping to ask themselves the question as to how this medicine could remove the cause of their disease.

STOP! THERE IS SOMETHING WRONG

Don't you know that if there was something that could be bottled up that would cure you that not only the doctor you now have, and the next one you may visit, would know it, also the one you first had, and all the rest would know it. For example: Don't you know that if there was a medicine that would cure Rheumatism it would be generally known? Does it not stand to reason that they don't know what to give you for it? If you have stomach, kidney, liver or any other trouble you can rest assured that when you make the rounds (if you have not already) you will end up by saying: If I only had some other disease I believe medicine would have cured me. Listen! before you make another change. You need to change SYSTEMS instead of doctors. THE CAUSE HAS BEEN FOLLOWING YOU. Have the CAUSE of your disease adjusted by Chiropactic and you will get well. NOT BEFORE.

When you are ready to know the CAUSE of your trouble come to our office. ASK US FOR EXAMINATION. DO NOT TELL US ANYTHING, YOUR SPINE TELLS US THE STORY. THIS IS THE REASON FOR OUR SUCCESS IN PARIS.

AN OKLAHOMA DARKY CLAIMS A WAR BRIDE

A young mulatto from Oklahoma applied at the county clerk's office yesterday morning for a marriage license to claim a war bride. He was an intelligent, dignified looking darky, well dressed and carried a pair of kid gloves in one of his hands. He told Deputy Clerk Calvin Morgan, who waited on him, that he had been drafted for the army and had to report to Oklahoma City today and leave tomorrow for Chillicothe, Ohio. His father lived at Clarksville and he was going there to tell him goodbye and expected to stay with his bride only one day. He told Mr. Morgan that if he had to go to France he was going to shoot to hurt, and that he didn't propose to come back without a dead German to his credit.

WILL PLAY FOOTBALL WITH COOPER BOYS

An interesting game of football is on the boards to be played at the baseball park this afternoon between the Paris High School and the High School boys of Cooper. The latter are expected to be accompanied by a number of their friends. The game will be called promptly at 3:30 o'clock. Following is the lineup of the Paris team: Right end, Peters and Moomaw; right tackle, Bozeman; right guard, A. P. Boyd; center, John Adair Monroe; left guard, Surgeon; left tackle, Homer Boyd; left end, McAllister; right half, Turner; fullback, Smith; quarterback, Pete Jones; left half back, Bodie Jones; substitutes, Dohoney, Eckles, Nelson, Henley and Wells. The First National bank has presented the Paris boys with a football, which they prize very highly.

ICE FACTORY ENGINEER HAS AN EYE PUT OUT

H. O. Shields, the chief engineer at the Paris Ice company's plant in the southwest part of town, met with a serious accident Wednesday which resulted in the loss of sight of one of his eyes. He and another employee were engaged in tearing up an old tank and were cutting off the heads of rivets, the other man striking with a sledge hammer while he held the chisel in place. When the rivet came in two the head, which was about as large as a nickel, flew in his left eye, entering the corner and tearing across the ball, splitting it and definitely destroying the sight. He was carried to St. Joseph's Infirmary and suffered a great deal of pain for awhile.

DISTRIBUTERS IN SOUTH EXPLAIN REASON FOR ENORMOUS SALES

Over 500 Bottles Pep Systemic Pills
Sold in Fort Worth and Vicinity
First Week

The Southern distributors for Pep Systemic pills, in discussing the enormous sales of these pills the first week in Fort Worth, state that their prediction has been well confirmed, that people have long been in search of an iron tonic that not only possessed the combined qualities of a blood purifier, liver stimulant and a general strengthening tonic, but also one that did not have the several drawbacks found in the majority of tonics.

Pep Pills contain iron in Bland's mass form, which is recognized as the most assimilable form of iron salts and which does not discolor the teeth. The big advantage of these pills that appeals to nearly every thinking person is their perfect solubility, and this is the reason why results are noticed so quickly after taking a few doses.

Why suffer from nervousness, constipation, rheumatism, liver trouble, loss of appetite, malaria, sallow complexion, impure blood, impotence or fatigue when only a few doses of Pep Pills will give you immediate relief?

Citation by Publication

To the Sheriff or any Constable of Lamar county, greeting. You are hereby commanded, that by making publication of this citation in some newspaper published in the county of Lamar for four successive weeks previous to the return day hereof you summon Ed Castro whose residence is unknown to be and appear before the Honorable Justice Court in and for Precinct No. 1 of Lamar county, Texas, at the regular term thereof, to be holden in the county of Lamar at Paris, Texas, on the 12th of November, 1917. The number of said cause being 284 then and there to answer the petition of H. P. Mayer filed in said court on the 30th day of August A. D. 1917, against the said Ed Castro and alleging in substance as follows: Suit on the promissory note of the defendant, Ed Castro, for the sum of Fifty-four and 73-100 dollars (\$54.73). Date of note, July 12, 1911, due and payable, as per agreement; \$5.00 payable on the 21st of each month after date until the full amount is paid and said note bearing interest at the rate of 8 per cent per annum from date until paid and providing for 10 per cent attorneys fees if placed for collection or if suit is brought. Said note is long past due and not paid. Plaintiff prays judgment for the amount of \$54.73, principal, interest, and attorneys fees and for all costs of this suit and for foreclosure of a mortgage lien on the following described property, to-wit: One Wing & Company piano, No. 28816, style, oak, manufactured by Wing & Co.

Herein fail not, but have you then and there before said court this writ with your return thereon, showing how you have executed the same. Given under my hand, in Paris, Texas, this 18th day of October, A. D. 1917. Attest: M. B. Brady, Justice of the Peace, Precinct No. 1, Lamar county, Texas.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, drowsy feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

High Taxes On Everything But Homes

—War taxes will go on everything before they are placed on the homes of this country.

—BUILDING MATERIALS and REAL ESTATE have not advanced in proportion to other values. Compared with other things, LUMBER IS CHEAP.

—The time to build is when you are making a little more than is required to live. You are getting more for your products than at any time in the past. YOU CAN GET LUMBER NOW AT A REASONABLE PRICE, and cheaper than later on. Isn't it a business proposition to think seriously of building?

—For a nice, clean, dry stock of lumber at reasonable prices, ours is at your service. EVERY DAY YOU WAIT YOU LOSE MONEY. Give us a chance.

G. F. HOUSE PURCHASES THE BANK BUILDING

The temporary bank building in the middle of the plaza has been sold by the four banks that built and occupied it after the big fire to Chas. F. House. The building was erected in two days at a cost of \$7,200 and it was sold to Mr. House for \$600, he being the highest bidder. The

lumber in the building cost \$1,900 and there are ten thousand brick on the floors besides about forty thousand in the vaults. The reason that the building was sold so cheap was because it was claimed that the cement binding the hollow tile together was so hard that they couldn't be broken apart without being shattered, and that there could practically be no salvage except in the floor brick.

Mr. House, however, had a contractor to examine the building and he gave the opinion that by taking

the roof off first and beginning with the top layer to remove the hollow tile it can be taken down with scarcely no breakage, a handax being used to pry the blocks apart one at a time. Mr. House figures that he will make \$2,500 on the transaction. In addition to the hollow tile and floor brick and lumber he says he can save all the face brick fronting the vaults.

The dimensions of the building are 54 x 120 feet and he is figuring on getting enough material out of it to erect five hollow tile stucco bungalows on Thirtieth street.

Ten hands and three teams will be put to work dismantling and removing the building and he will give the job his personal supervision. It is estimated that it will take about a week to remove the building and the bungalows will be erected as fast as the material can be assembled on the ground. The ladies of Central Presbyterian church will serve circus dinner in one end of the building next Monday and the Lamar Avenue Methodist ladies will serve dinner in the other. The work of tearing it down will begin next Tuesday.

SUSPENDED SENTENCES IN TWO MURDER CASES

The T. E. Bruce murder case was called yesterday morning in the district court and a special venire of seventy-five which had been summoned from which to select the jury were in attendance, but were not needed, as by an agreement between the district attorney and the attorney for the defense the charge of murder was waived and the defendant was permitted to enter a plea of

guilty to manslaughter. The defense was permitted to select a jury and it returned a verdict assessing a penalty of two years with the recommendation that the sentence be suspended.

The defendant was charged with the murder of Lee Wiley on the Elliott farm on Sanders creek, the killing occurring on the 24th of last March. Both parties were tenants on the same farm and the killing was the result of a dispute as to which was entitled to the use of a pasture.

Emmett Hickman, a negro, was next arraigned for the murder of another negro, Son Mitchell. The killing took place on West Sherman street a year ago. The defendant entered a plea of guilty to manslaughter, the district attorney having waived the charge of murder, and the jury assessed the same penalty of two years with suspended sentence. The same jury was used as in the case of Bruce, with one exception, one of the jurors stating that on account of his prejudice against all negroes he didn't believe he could give the defendant an impartial trial.

Sheriff's Sale.

The State of Texas, County of Lamar: By virtue of an order of sale, issued out of the honorable District court of Lamar county, on the 23rd day of October, A. D. 1917, by the Clerk thereof, in the case of C. W. Ward versus Bounce Goodlow and F. M. Stephenson No. 178, and to me, as Sheriff, directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for Sheriff's Sales, on the First Tuesday in December, A. D. 1917, it being the 4th day of said month, before the Court House door of said Lamar county, in the city of Paris the following described property, to-wit: Situated in the county of Lamar, state of Texas and described as follows: Part of the J. H. Mebane survey, Abstract No. 553, about twenty miles N. W. from Paris, Texas, beginning at a stake in the S. B. line of a tract of land set apart and allotted to Thomas Stephens in the partition of Ed Stephens Estate in the center of Slough creek beginning at the S. W. corner of Drolinger's tract. Thence West 124 poles to a stake being the Southwest corner of said Thomas Stephens lot sold to Drolingers. Thence South 82 poles to a stake, being the N. W. corner of a tract decided to B. F. Clark by D. F. Stephens. Thence East with Clark's line 99 poles to Slough creek a stake, Clark's N. E. corner. Thence a northerly direction with Slough creek — poles to the place of beginning, containing 60 acres more or less, levied on the 23rd day of October, 1917, as the property of Bounce Goodlow and F. M. Stephenson to satisfy a judgment amounting to \$1,591.86 in favor of G. W. Ward, together with ten per cent interest from date of judgment and costs of suit.

Given under my hand, this 23rd day of October, A. D. 1917, Eb Clarkson, sheriff, by C. O. Crook, deputy.

Corn Pain Stopped Quick

Corns Lift Right Off With "Gets-It"

Blessed relief from corn pains is simple as A B C with "Gets-It." When you've been limping around for days trying to get away from a heart-drilling corn or bumpy callus, and everything you've tried has

only made it worse, and then you put some "Gets-It" on and the pain ceases right away, and the corn peels right off like a banana skin— "ain't it a grand and heavenly feeling?"

"Gets-It" has revolutionized the corn history of the world. Millions use it and it never fails. Ladies wear smaller shoes and have pain-free feet. We old fellows and young fellows forget our toes and feel frisky as colts. Everybody with a corn or callus needs "Gets-It." We will all walk about and enjoy ourselves as we did without corns. Get a bottle today from your druggist, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. 25c is all you need to pay.

Automobile Numbers Shipped

The State Highway Department has notified the Webster Motor Co. of the shipment of the first batch of state numbers.

These numbers when received will be delivered to those presenting License Cards from the Highway Department. These cards show the number of the plate.

The man with money keeps it in the Bank where it is safe from fire or burglars or his own extravagance.

When you carry your money in your pocket the temptations and chances to spend it are very great. Greater than you think, for a few dollars here and there to borrowers and for things you don't actually need, soon melt your pile away.

Put your money in the Bank. It is safe there. Add to your balance every cent you can spare. Soon you'll be "a man with money."

Put YOUR money in OUR bank.
